

THE PROGRAM

The Supported Return to School Program is a Department of Education and Communities initiative to support the successful return to schooling of students from Year 7 to Year 11 on long suspension.

Students will receive support with:

- Their successful return to school.
- Programs to help with understanding their behaviour and its impact in school.
- Support structures at school.
- Managing their own behaviour.
- Study, planning and work habits.

The length of placement will vary according to the length of suspension and willingness to participate in the program. The length of stay at the centre will be no longer than twenty (20) days.

SUPPORTED RETURN TO SCHOOL PROGRAM - GREEN SQUARE

The Supported Return to School Program is located on Botany Road, in the cottage on the grounds of Green Square School. The Centre is easily accessed by car or public transport.

Hours of Operation

Students will attend the Supported Return to School Program between 9.00am and 11.30am. Students should not arrive before 9.00am and should return straight home after 11.30am.

Staffing

The supported return to school program is staffed by an experienced Head Teacher and SLSO. The program will be closed in the event of the Head Teacher's absence. Parents/Carers will be contacted and the student will be required to stay home.

PROGRAM EXPECTATIONS

Students are expected to behave appropriately whilst at the Supported Return to School Program. Participation in the program is reliant upon the student's willingness to engage in planned activities.

The program gives students the opportunity to develop skills to manage their behaviour. Parents and the student's home school will be informed when a student experiences sustained difficulty in this area.

Students will be working on a study program provided by their home school. If the home school has sent home the work package with your child, he or she will need to bring this to the program.
